

DEPARTMENT OF THE AIR FORCE

SHADOW MOSES AIR FIELD, ALASKA

MEMORANDUM FOR: Commander, 713th Contracting Squadron (713 CONS); Outer Heaven Builders, LLC

FROM: Maj Holly White, Commander, 713th Airfield Operations Squadron (713 AOS/CC)

DATE: 10 June 2027

SUBJECT: Permanent withdrawal of flightline privileges — Mr. Avery Stone

1. DAFI 13-213, paragraphs 4.30.1 and 4.30.2, authorize designated officials and Airfield Management personnel to suspend or revoke an individual's airfield-driving privileges after a violation; paragraph 4.30.4 addresses controlled-movement-area violations. The Shadow Moses Airfield Driving Supplement applies these authorities to Task Order 27-052 personnel.
2. Airfield Management, tower, escort, and Security Forces records establish that on 8 June 2027 Mr. Stone:
 - a. entered and crossed a controlled movement area without authorization;
 - b. drove past a marked hold line after being instructed to stop;
 - c. disregarded tower and escort instructions;
 - d. operated without the required radio contact;
 - e. bypassed the approved contractor access point; and
 - f. threatened Airfield Management employees who intervened.
3. Effective 8 June 2027, Airfield Operations permanently revokes Mr. Stone's airfield-driving and controlled-flightline privileges for the remainder of Task Order 27-052. He may not enter the flightline as a driver, pedestrian, escort, or supervised visitor. The action is individual-specific and does not revoke access previously approved for Outer Heaven's other named personnel.
4. Outer Heaven may nominate an acceptable replacement superintendent at any time. The established training, testing, identification, and access process remains available; Airfield Operations has imposed no additional restriction or waiting period on a qualified replacement.

/s/ HOLLY WHITE, Maj, USAF

Commander, 713th Airfield Operations Squadron
