

DEPARTMENT OF THE AIR FORCE

SHADOW MOSES AIR FIELD, ALASKA

RETAINED COMMUNITY CENTER FILE INDEX

Reference from [F] to the earlier [E] planning package

Planning action	PL-27-021 Mother Base Community Support Center renovation
Prior event	[E] Community Support Center planning 6 July 2027
Current event	[F] Campbell Hall asbestos condition and Peace Walker substitution proposal
Instruction	Use the retained [E] records; they are not reissued as new Campbell Hall documents

Previously released records

Record	Title	What it establishes
E-01	Community Support Center requirement summary	Mission need, facility uses, and planning status
E-02	Simplified floor plan	Community Center footprint and functional layout
E-03	Signed wall-system asbestos survey	Negative results for the sampled accessible wall systems
E-04	Independent Government Cost Estimate	\$31.20M planning estimate and major work-package drivers
E-05	AF Form 9 purchase request	FY24 MILCON citation, \$31.20M request, approvals, and certification block

File-use note

F-06 relies on broad similarities between the two facilities. The retained [E] records contain the Government's actual Community Center planning basis. Review the underlying records as needed and request additional technical comparison information through the facilitator when the existing record does not answer a material question.

NO DECISION EMBEDDED. This index only identifies the prior file. It does not determine entitlement, modification scope, acquisition method, fair opportunity, price reasonableness, or funding availability.
